

## The Single Market

Is the Single Market a good or bad thing?

What is good or bad?

## The Single Market

1. Should we use the herbicide Glyphosate (Roundup) in France?
  2. The French parliament votes the banning of Glyphosate
3. French farm production is now more expensive than Single Market partners
  4. Consumers (supermarkets) buy non-French SM goods
  5. Solution?

## The Single Market

1. A French political party suggests increasing social security and the minimum wage
  2. The party wins the elections and votes its new policy
3. French goods are now more expensive than similar goods from countries with poor social protection and low or no minimum wage
  4. Solution?
